Respected Sir,

Within our Panchayat area as well as in the surrounding villages, which is situated in the centre of the South Kanara District, there are a large number of patients that are suffering from the deadliest disease of Leprosy. When this matter was brought to the notice of the Health Ministry, a proper survey regarding this matter had taken place by the Government some time ago and the Government was kind enough to allot a plot of ground for the construction of a Leprosy Clinic within our area. A registered body named Leprosy relief association was also formed to officiate for the development of this clinic.

But as the inhabitants of this locality are almost poor and belonging to the tenantal class, sufficient response has not been made and due finance could not be raised to make-good for the clinic. So the association is not in a position to carry on the work by itself.

On behalf of the patients that are ailing from a very long time, this Panchayat requests the benevolent Government to undertake the responsibility to construct and open the said Leprosy Clinic without further delay so that the relief urgently needed for the patients of this area may be undertaken at the earliest.

Awaiting for a favourable order,

Yours faithfully,

S H I R V A,
1- 1954.

Sir,

Leprosy- South Kanara District-Shirva Panchayat-request for opening a leprosy clinic-Memorandum from the Panchayat Board.

Ref: Government Memo: No.9063 HIV/54-1 Health dated 5-2-54.

A very detailed survey of the Shirva area was carried out by a special leprosy health inspector appointed by the Government of Ma A total of 185 leprosy cases was discovered in the area of which are of the infective type. The leprosy consciousness in Shirva ha been adequately roused and it should be a welcome stimulus if Government assistance to efforts in leprosy control measures in were forthcoming as an encouraging gesture. this area. The South Kanara District Branch of the Hind Kusht Nivar Sangh is prepared to run a treatment centre here and to do the necessary preventive propaganda also. The present medical-officer of the L.F.Hospital at Shirva is also taking very keen interest in leprosy and has undergone leprosy training. In view of these favourable circumstances and in view of the representation contained in the petition of the President of the Panchayat Board, Shirva I strongly recommend that Government may undertake to construct a leprosy clinic. I would suggest further that the best way of helping this matter would be to make a block grant of Rs.1000/-

(one thousand) to the Hind Kusht Nivaran Sangh, South Kanara District Branch and request them to build the clinic.

Yours sincerely,

T.N. Jagadisan

In continuation of my letter Ref.No.12458-G/54 -2 dated 30-4-54 I forward herewith for the information of Government a copy of letter C.No.4572-54 dated 7.5.54 along with its enclosure received from the District Medical officer, South Kanara on the above subject. In the circumstances stated by him I do not recommend any further grant for the purpose of constructing a leprosy clinic at Shirva.

The Government endorsement cited is returned herewith.

Yours faithfully,

A leprosy shed is already in existence at Local fund dispensary, Shirva but only requires certain repairs. District Board has already sanctioned a sum of Rs. 100/-for the purpose. Rs. 75/- will be contributed by the local committee and request for a contribution of Rs. 75/ has also been made to Kushta Nivaran sangha. So with the sum of Rs 250/-the leprosy shed could be repaired. Hence I do not recommend any further grant for the purpose of constructing a leprosy clinic at Shirva.

A copy of letter of Dr. A.F.Coelho,Honorary Secretary, Hind Kushta Nivaran Sangha on the above subject is enclosed herewith for your information.

With reference to the Memorandum forwarded to me regarding Sub: Leprosy- S.K.District- Shirva Panchayat request for opening of a leprosy clinic- Memorandum from the Panchayat Board,-I have to state as follows. The survey in around Shirva disclosed a total of 185 cases of leprosy 68 of which, were of the infective type. Scattered in 5 villages which are miles apart with bad communications in between them.

There is an out-patient clinic at Shirva located in a separate plot of gound adjacent to the local fund dispensary. Request for repair of this building have been made to the Hind Kusht Nivaran Sangh and the District Board, by the Local Leprosy Association. The present average attendance in the clinic is only about 8 patients and the Clinic if repaired should be sufficient for the out-pat of Shirva. At present there ishowever need to open clinics in affected areas in the neighbouring villages for reasons stat above and in course of time a small hospital for cases requir hospitalisation. I therefore request that provision for Clinics be made in the villages and also for a small hos cases requiring hospitalisation.

2. For the reasons stated in his letter at B on p 7 of, the Hony Secy of the Hind Kushth Nivaran Sangh, Madras State Branch recommends that the Govt may undertake to Construct a leprosy Clinic in Shiva area. He further suggests that the best way of helping in this matter would be to make a Block Grant of Rs 1000/- to the Hind Kushth Nivaran Sangh South Kanara Dt Branch and request them to Construct the Clinic. But the D.H.O, South Kanara, in his letter of C.No 46172 dated 4.5.54 addressed to the D.M.S states that a leprosy shed is already in existence at L.F. dispensary, Shiva but only requires certain repairs. He has also reported that the Dt Board has already sanctioned a sum of Rs 100/- for the purpose, that a sum of Rs 75/- will be contributed

Copy of R on p 9 of

p 8 of.

by the local Committee and that a request for a Contribution of a sum of Rs 75/- has also been made to the Kachcha Nivaran Sangha. As the leprosy shed Committee required with the sum of Rs 250/- referred to above the D.H.S, S. Kanara does not recommend any further grant for the purpose of Constructing a leprosy clinic at Shivara. The D.H.S also has agreed with the D.H.S, S. Kanara and does not recommend any further Grant for the purpose of Constructing a leprosy clinic at Shivara

3. For orders whether the remarks of the D.H.S may be Concurred in and if so whether the President Pt Bd Shivara may be informed that the Govt declines to Construct a leprosy clinic in Shivara as they Consider that the existing leprosy shed at the L.F. dispensary, Shivara, after Carrying out the necessary repairs, would serve the purpose for the present. The file may be ~~Sent to Fin for remarks before being~~ circulated to FC(H) with reference to his minutes on page 1 CF.
